Global Distribution of Membership in 2023

Current IAC Membership

TYPE OF MEMBERSHIP	Members
Medical Members (MIAC)	680
Medical Fellows (FIAC)	352
Cytotechnologist Members (CMIAC)	352
Cytotechnologist Fellows (CFIAC)	97
Professional Non-Medical Members (PMIAC)	15
Junior Medical Members (Jr. Med)	15

IAC Membership in Hong Kong

Medical Member (MIAC)	10
Medical Fellow (FIAC)	14
Cytotechnologist Member (CMIAC)	44
Cytotechnologist Fellow (CFIAC)	12

READERS

- 6 issues per year
- High-quality printed copies to IAC members
- Online access to IAC members

AUTHORS

- Medline & Web of Science listings
- First decision in less than month
- No page or colour charges
- 10,000 copies of articles downloaded each month

EDITOR IN-CHIEF

Kari J. Syrjänen, Helsinki

ASSOCIATE EDITORS

Lukas Bubendorf, Basel

Lan Chen, Beijing

Edmund S. Cibas, Boston, USA

Andrew S. Field, Sidney, Australia

Prabodh K. Gupta, Philadelphia, Pa.
USA

Adhemar Longatto-Filho, Braga

Robert Y. Osamura, Tokyo

Fernando C. Schmitt, Porto, Portugal

Philippe Vielh, Paris, France

Pio Zeppa, Salerno

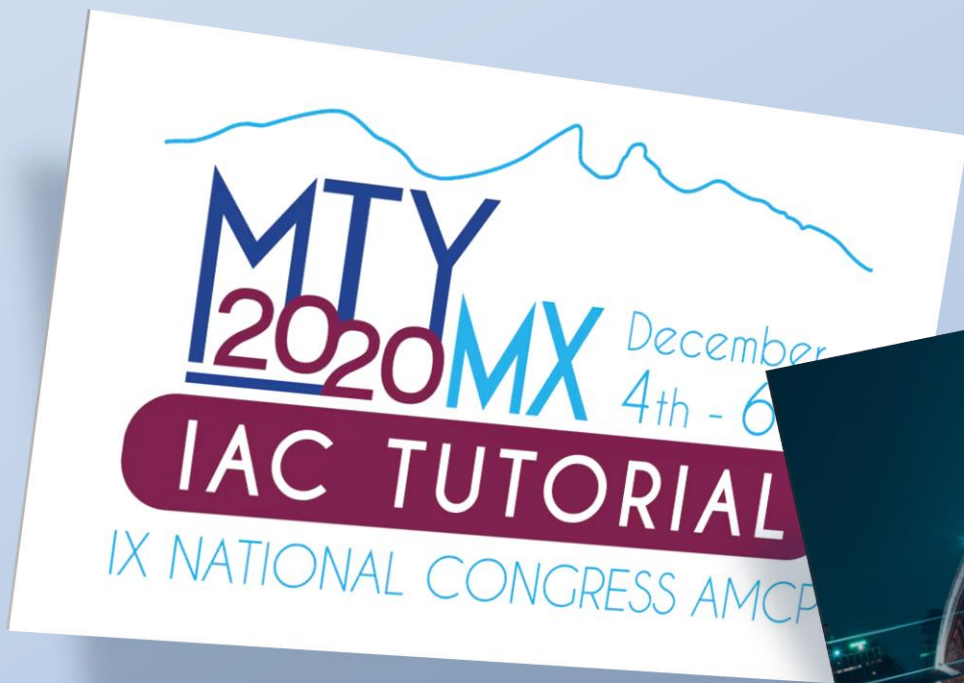

SPECIAL ISSUES

- **HPV** (Adhemar Longatto & Kari Syrjanen)
- **Liquid Biopsy** (Fernando Schmitt & Jose Luis Costa)
- **Breast Pathology** (Andrew Field)
- **Ancillary Techniques** (Prabodh Gupta & Zubair Baloch)

USCAP: Companion Meetings Since 2018

IAC Companion Meeting Themes

- 2018** How to better communicate our results
- 2019** When Molecular is Cumbersome... Cytomorphology is there
- 2020** The Interventional (Cytology) Pathologist
- 2021** Making Cytology Global
- 2022** WHO International Systems for Reporting Cytopathology
- 2023** How to Report and Categorize Difficult Cases Utilizing the WHO-IARC-IAC International Systems for Reporting Cytopathology

WHO REPORTING SYSTEMS

The IAC AND IARC (International Agency for Research on Cancer):

The IAC is proud to announce that the first two books in this row of reporting systems is now available: **Lung Cytopathology and Pancreaticobiliary System.**

- Prepared by about 60 authors and editors
- Contributors from around the world, reflecting an international expertise
- More than 300 high-quality images
- More than 1000 references

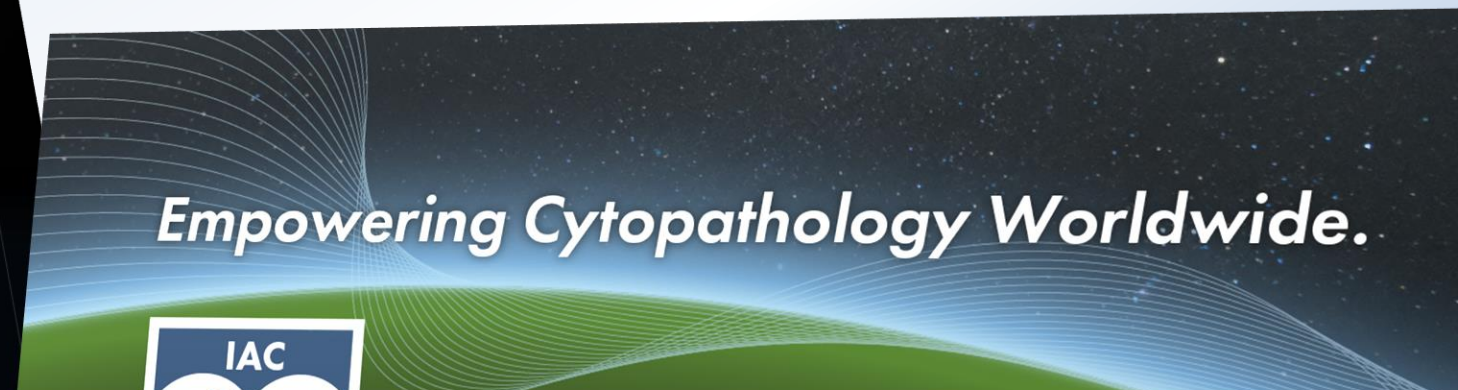

Online Version

The content of this new, innovative, and comprehensive cytopathology reporting series is also digitally available, at <https://tumourclassification.iarc.who.int>

Also in planning:
Lymph Node
Soft-Tissue.

Now available - Online Digital Mock IAC Examination

There is a mock examination at the IAC website for anyone who wishes test themselves and familiarize themselves with on-line slides.

IAC Digital Examinations

- **The CT(IAC) comprehensive cytotechnology examination**
- **IAC International Board of Cytopathology examination for medical members (MIAC).**
- The two IAC examinations will be held digitally. Participants will be asked to bring their own laptops or tablets to the examination site.
- The first digital examination in Hong Kong will be held on Monday, 4. December at the Prince of Wales Hospital.
- Over 30 cytotechs are registered.

More about Membership

	Annual Dues	Admission Fee
Medical Membership/Fellowship (MIAC/FIAC)	190,00 EUR	140,00 EUR
Junior Medical Membership	90,00 EUR	0,00 EUR
Supported Medical Membership (MIAC)	0,00 EUR	0,00 EUR
Professional Non-medical Membership (PMIAC)	180,00 EUR	140,00 EUR
Cytotechnologist Membership (CMIAC)	80,00 EUR	25,00 EUR
Cytotechnologist Fellowship (CFIAC)	140,00 EUR	50,00 EUR

Professional Benefits

Membership Initials

Membership in the IAC recognizes particular interest and expertise in the field of cytology and can be documented by using the initials of the respective membership type, following the member's name.

Reduced Registration Rates

Reduced registration rate at events organized by the IAC, e.g., the International Congress of Cytology (ICC), are available.

Journal Access

Members receive online access and printed copies of the leading journal of cytopathology, Acta Cytologica, 6 (six) times a year, at no cost.

Staying up to Date in the Field

Regular webinars and tutorials with top speakers from all over the world.

Become a Part of Shaping the IAC

Members may participate in the activities of the academy by serving on the various committees of the IAC.

Medical Membership (MIAC)

Mandatory requirements:

1. **Medical degree** and CV indicating medical education
2. Completed education in a **medical specialty** in your country of residence (e.g. pathology, gynaecology, internal medicine etc.)
3. Special **expertise in cytology**
4. Two **sponsorship signatures** from IAC Members and/or Fellows
5. Completed **application form and Photograph**
6. **Application forms available on-line at the IAC website**

Fellowship Elevation (FIAC)

Mandatory requirements for Candidates:

1. Members (MIAC) of at least two years may apply to sit the voluntary IAC International Board of Cytopathology examination.
2. The **Examination fee** is 450 Euro, annual dues remain at 190 Euro.
3. Successful candidates are elevated to Fellow (FIAC) and may keep the Fellow of the IAC status for the duration of membership

Tentative 2024 IAC Int. Board of Cytopathology Examination Schedule

City, Country	Exam Details	Application Deadline	Exam Date
Cologne, Germany	Held after IAC Tutorial	January 29th 2024	Sunday, March 10th 2024
Madrid, Spain	Held at the Universidad Europea de Madrid, Villaviviosa de Odón	To be arranged	May 2024 (to be arranged)
Leipzig, Germany	European Congress of Cytology	May 13th 2024	Sunday June 24th 2024
Orlando, FL, USA	ASC Annual Meeting	Sept. 30th 2024	Sunday, November 20th 2024

The CT(IAC) Comprehensive Cytotechnology Registry Examination

- For over 50 years, the IAC has administered examinations at the request of national cytology societies world wide.
- Cytotechnologists from over 65 countries have taken the examination.
- As of April 2023 more than 12,000 cytotechnologists have obtained the CT(IAC) title, after passing the IAC Comprehensive Cytotechnology Examination and may use the letter CT(IAC) after their name.

How To: Exam and Registration

The Goal of the Examination is to Determine:

- Knowledge related to **the criteria of malignancy** for most body sites
- The ability to determine, with some degree of accuracy, **the expected diagnostic entity**
- The ability to **separate malignant from nonmalignant** cells
- The ability to **select those cases that should be seen by a cytopathologist** from those cases that can be signed out as negative.

Cytotechnologist Membership (CMIAC)

- Cytotologist membership (CMIAC) is **open to all who have passed the registry examination**
- Membership is **voluntary**
- **Renewal is necessary** every four years to maintain registered status
